

# **STOP** THE **BALA HYDRO PROJECT**

## **Time for Action!!!**

**Remember Bala?** It's the picturesque Muskoka town where the majestic Bala Falls splash and crash from Lake Muskoka into the Moon River.

It's a Canadian icon.

Did you know that there are plans to divert the water flow away from the two Bala falls so they will both be just a trickle?

Did you know that the provincial government will permit the destruction of this central feature of the town of Bala for a mere 4.3 megawatts of power?

Did you know that an economic analysis is supposed to be conducted to evaluate whether the destruction of the Falls will affect Bala – and **the people who run businesses in Bala have not been contacted?**

We have the responsibility to fight this project!!

***Get on the phone, get on the Internet, call your MP, MPP, town councillor, mayor, and any newspaper contacts or famous person who will speak for us.***

**Let's create such a ruckus that they CAN'T gut the centre of Bala!**

## **DO IT NOW!!**

**HELP US SAVE BALA AND ITS FALLS.**
